PROFILE

I am a fresher with a passion for technology and a quick adaptability nature. I want to work with a good company where I can use my skills towards mutual growth. I am looking forward to opportunities where I can contribute and thrive in a dynamic environment.

PROJECTS

Portfolio 🔗
React JS
Designed and developed a portfolio website using React JS library. Crafted a visually appealing and responsive layout to showcase my projects, skills, and achievements effectively.

myCoinvert 🔗
HTML, CSS and Javascript
Developed a user-friendly currency converter website using HTML, CSS, and JavaScript. The website utilizes a currency API to fetch real-time exchange rates, allowing users to convert values between different currencies seamlessly.

CERTIFICATES

Problem Solving 🔗
Successfully cleared the assessment of problem solving basics on HackerRank.

React JS 🔗
Understanding how the React works and how to use it in development.

Javascript 🔗
Explored Javascript concepts such as conditionals, functions, handling event, DOM.

Node JS and Express JS 🔗
Understanding how to use Express and Node JS to construct a backend for the website.
